Dear Jeannette -

So many thanks for your sweet letter - It would be such a joy to see you + your husband - I've always wished you lived in Washington - as it was so pleasant that day you came for lunch - but it would - or will be a great treat to see you again -

You are so kind to ask us for the whole weekend - but Jack will be on a

2) rather tightly run trip that week.
He says we will leave Wisconsin Friday
night - arrive in Oklahoma Saturday
morning - would adore to come to your
house (take a bath!) + be with you for
brunch, the game, + the dinner - He is so
pleased about the game! (+ leave that night
for the East)
I leave tomorrow to join him in Chicago
+ by the time we get to Oklahoma I'll
have been away from home 10 days - I
do hope to still be on the trip then -
though I have slight qualms about it as
I have no nurse anymore - just a rather
unreliable girl to leave the baby with -

But I am keeping my fingers crossed
that she won't mutiny in my absence
as Oklahoma will be the high point
of our trip + I will be furious if I
have to miss it

I do thank you for your most
hospitable invitation and look forward
to seeing you both very soon

Affectionately
Jackie Kennedy
